Amendment to Request for Qualifications (RFQ) On-Call Technical and Professional Services

(RFQ ENG. 2026-01)

Addendum #2, May 19, 2026

**** Proposers should acknowledge receipt of Addendum #2 in their cover letter ****

Upon further consideration and taking into consideration the limited number of firms providing professional services in focus area 3.2 Emergency Management, the Municipal Water District of Orange County will allow those firms listed as subcontractors in a Statement of Qualifications for another firm to also submit as a prime vendor under its own Statement of Qualifications.

For all other areas of focus, (3.1 Reliability Planning and Engineering; 3.3 Water Use Efficiency (WUE); and 3.4 Construction Project Management) firms may only submit a Statement of Qualifications as a prime vendor if they are not listed as subcontractor within the same area of focus.
