MWDOC Turf Replacement Program
Turfgrass Conditions Guide

This guide is meant to serve as a reference for various turf conditions and their Turf Replacement Program eligibility. According to the Program Terms & Conditions, you must have existing turf. Dead or dying turf or areas with bare dirt will not qualify for a rebate. If your project has already been started or completed, you are not eligible for a rebate. All applications are reviewed individually, and submitted photos similar to these images does NOT guarantee pre-approval or denial.
